Timeline

kerrysplace.org

Spring 2020

- goal was to stay in touch with participants/families
- check-in phone calls
- deployment of team to help Supported Living services
- started offering virtual support

Summer/Fall 2020

- started planning and resuming in-person supports
- shifted away from groups and towards 1:1 support model
- outdoor locations in neighbourhoods and parks
- reduced chance of exposure

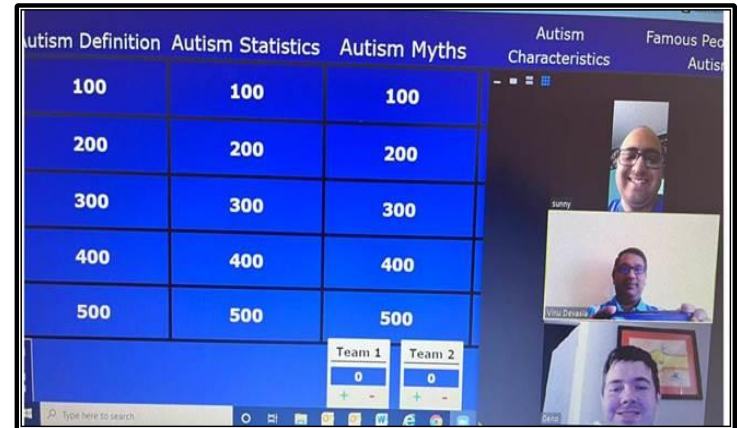

Tool: In-Person Service Assessment

Examples of Questions:

- Is there a current or emerging support need that cannot be addressed via virtual service?
- Will the person supported tolerate PPE or easily be taught to tolerate PPE on staff?
- Does the person supported engage in any particular behaviours that need to be considered (e.g., elopement, self-injury, etc.)?

Winter 2020/2021

- based on direction from Public Health and MCCSS, needed to be cautious
- continued in-person supports but limited it to outdoor spaces
- uptake in virtual supports

Summer/Fall 2021

- expansion of in-person supports
- demand for in-person from participants/families also increased
- 1:1 support model continued
- modified support schedules

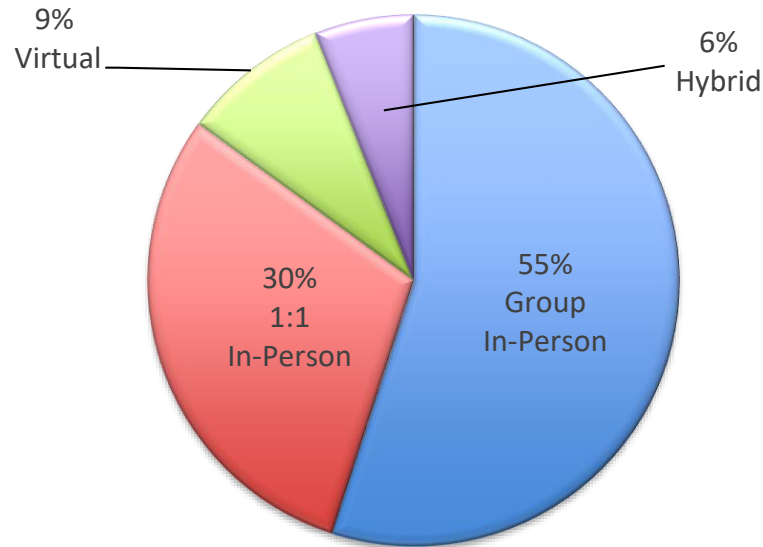

Summer 2022 to Present

- started to transition to group support for those who are ready for it
- individualized approach for each person
- current mixture of groups, 1:1, virtual, and hybrid (virtual and in-person)

Support Modality

Type of Support as of Oct 28, 2022
